

Transport Costs

For the shipping of your order, we charge shipping fees which vary depending on the destination country. Please see below for an overview of the shipping costs per country. For delivery addresses outside the European Union:

For delivery addresses outside the European Union:

Your package may be subject to import duties, which are the responsibility of the recipient. Leg Avenue ships your package DDU (duties and taxes unpaid) and does not calculate VAT, excise duties, and/or other taxes. If additional taxes, excise duties, and/or charges apply to your order, as determined by the customs of your country, these will always be the responsibility of the recipient and must be paid to the local customs before the package is delivered. Leg Avenue has no control over these charges.
